

Simon Baron-Cohen is Professor of Developmental Psychopathology, University of Cambridge and Fellow at Trinity College, Cambridge. He is Director, Autism Research Centre in Cambridge. He is author of *Mindblindness*, *The Essential Difference*, *Prenatal Testosterone in Mind*, and *Zero Degrees of Empathy*. He has edited scholarly anthologies including *Understanding Other Minds*. He has written books for parents and teachers including *Autism and Asperger Syndrome: The Facts*. He is author of the DVDs *Mind Reading* and *The Transporters*, to help children with autism learn emotion recognition, both nominated for BAFTA awards. He formulated the 'mindblindness' theory of autism (1985) and the 'prenatal sex steroid' theory of autism (1997). He has also made contributions to many fields of autism research, to typical cognitive sex differences, and synaesthesia research. He created the first UK clinic for adults with suspected Asperger Syndrome (1999) that has helped over 1,000 patients to have their disability recognized. He gave a keynote address to the United Nations in New York on Autism Awareness Day 2017 on the topic of *Autism and Human Rights*. He is a Fellow of the British Psychological Society, the British Academy, the Academy of Medical Sciences, and the American Psychological Association. He is Vice-President of the National Autistic Society, and President of the International Society for Autism Research (INSAR). He was Chair of the NICE Guideline Development Group for Autism (Adults) and is Chair of the Psychology Section of the British Academy. He is co-editor in chief of the journal *Molecular Autism* and is a National Institute of Health Research (NIHR) Senior Investigator. See www.autismresearchcentre.com
